Dear Mr. Brougham:

Your memoranda regarding the City's health benefit plans as they pertain to homosexual employees, as well as your written request that the City enroll your domestic partner under group coverage with the Kaiser Foundation Health Plan, is herewith acknowledged.

I have been advised by the Personnel Department that you are employed in the Parking Violations Bureau as an Account Clerk, a classification covered by the Memorandum of Understanding between the City of Berkeley and United Public Employees Local 390. In view of this, your request to modify the provisions of health plan coverage should be addressed to your union representative.

Sincerely,
